

INTERNATIONAL WORKSHOP FETAL GROWTH RESTRICTION AND PREVENTION OF STILLBIRTH

Honorary President

Pasquale Martinelli

Organizers

Christoph Lees

Laura Sarno

Giuseppe Maria Maruotti

Naples (Italy), 28 February 2025

08.45 Registration

09:15 Opening of the Congress

G. Bifulco, P. Martinelli, C. Lees, L. Sarno, G.M. Maruotti

SESSION I

UNDERSTANDING FETAL GROWTH RESTRICTION AND STILLBIRTH

Chairs: **C. Di Carlo, G. Rizzo, G.M. Maruotti**

09.30-9.50

Fetal growth restriction and Stillbirth (controversies and reality)

Ritardo di crescita e morte endouterina controversie e realtà

E. Ferrazzi

09.50-10.10

Genetic of fetal growth restriction and stillbirth

La genetica del ritardo di crescita e della morte endouterina

A. Novelli

10.10-10.30

Inflammaging nutrition and supplementatation : what is the role on fetal growth?

Infiammazione nutrizione e supplementazione: come influenzano la crescita fetale?

I. Cetin

10.30 -10.50

Pathology of Stillbirth and placenta

Patologia della morte endouterina e placenta

E. Fulcheri

10.50-11.10 Discussion

11.10-11.50 Coffee Break

SESSION II

FETAL GROWTH RESTRICTION AND MATERNAL CONDITIONS

Chairs: *C. Lees, T. Frusca, F. Prefumo*

11.50-12.10

Preclampsia: does fetal growth restriction matter on maternal outcome?

Il ritardo di crescita influenza l'outcome materno?

B. Thilaganathan

12.10-12.30

Diabetes and late FGR

Diabete e ritardo di crescita tardivo

F. Mecacci

12.30-12.50

Maternal hemodynamics in fetal growth restriction: clues for management

Emodinamica materna nel ritardo di crescita: evidenze per il management

H. Valensise

12.50-13.10 Discussion

13.10-14.10 Lunch

SESSION III

DIAGNOSIS OF LATE FETAL GROWTH RESTRICTION

Chairs: *E. Cosmi, L. Cobellis, G. Saccone*

14.10-14.30

Ultrasonographic diagnosis of late fetal growth restriction: what's new?

Diagnosi ecografica del ritardo di crescita tardivo: quali nuove?

L. Sarno

14.30-14.50

Is there a role for biomarkers?

C'è un ruolo per i biomarcatori?

D. Schlembahc

14.50-15.10

What does slowed fetal growth velocity tell us?

Cosa ci sta dicendo un rallentamento della crescita fetale?

C. Lees

15.10-15.30 Discussion

15.30-16.00 Coffee break

SESSION IV

MANAGEMENT OF LATE FETAL GROWTH RESTRICTION AND STILLBIRTH

Chairs: *M. Guida, M. Morlando, H. Valensise*

16.00-16.20

Management of term SGA and fetal growth restriction at Term: what's new?

Management del feto con SGA e ritardo di crescita a termine: quali novità?

R. Napolitano

16.20-16.40

Timing and Mode of delivery in late fetal growth restriction.

Epoca e modalità di parto per il ritardo di crescita tardivo

J. Thornton

16.40-17.00

Late FGR predictors of adverse outcome and stillbirth.

FGR tardivo e fattori predittivi di outcome avverso

A. Dall'Asta

17.00-17.20

Neonatal outcome and long-term consequences.

Outcome neonatale e conseguenze lungo termine

L. Capasso & F. Raimondi

17.20-17.40

Questions and discussion

17.40-17:55

What we have learnt from TRUFFLE 2 so far

B. Mylrea-Foley

17:55-18:15

An update on the TRUFFLE-2 RCT

C. Lees/M. Tringali

18.30

End of Congress
